Cable and wire locators

PAN Leitungssucher

Cable tracer for single conductors, telephone, coaxial and network cables with integrated LAN cable tester for checking cable wiring

- **For locating cables in walls, cable interruptions and short circuits**
- Acoustic indication of live conductors
- **LAN cable test for continuity, open circuit, short circuit and crossed conductors (RJ45, RJ11, BNC)**
- Adjustable volume and sensitivity
- Headphone connection
- **Tests on telephone lines**
- Visual continuity test

Scope of delivery: Case, Operating instructions, Transmitter and receiver, Adapter with crocodile clips, headphones

Application Benefits at a Glance:

- Traces individual conductors, telephone and network cables and assists in locating breaks.
- The integrated LAN test then checks continuity, short circuits and reversed wires.
- Alligator clips allow connection to different conductor and cable types.

Technical Data	PAN Leitungssucher
Instrument dimensions	124 x 66 x 31 mm
Weight (gross / net)	565 / 180 g
Required battery(ies):	1x 9V 6F22, 3 x 1,5V AAA
