Single-pole phase tester

PAN PSD190

Yellow phase tester IP54 with neon indicator lamp 250 V l=190 mm

- Better visibility of the glow lamp thanks to the fully enclosed, impact-resistant ABS housing
- Blade 3.5 x 100mm made of hardened tool steel C60
- **Single-pole phase test**
- **IP54 splash-proof**
- No battery required for operation
- **Manufactured in Germany**
- **VDE & TÜV-GS tested**

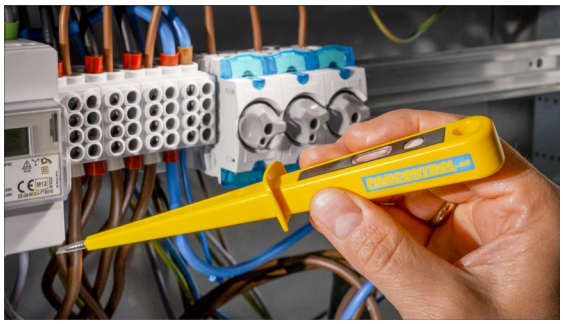

Application Benefits at a Glance:

- The protected neon lamp remains clearly visible inside the rugged housing and is designed for frequent use in workshops and on construction sites.
- Battery-free and splash-proof - a standard tool that remains ready for use at all times.
