Two-pole voltage testers

PAN Volttester 400

Two-pole voltage tester with LED indication, 6–400 V AC/DC, TÜV-GS, battery-free, with screw-on contact sleeves

- Splash- and dust-proof IP64
- Standards-compliant two-pole voltage tester for low-voltage networks in accordance with EN 61243-3 (VDE 0682-401)
- **8 LEDs from 6 – 400 V AC / DC**
- **Extra-low voltages up to 24 V: green LEDs, hazardous voltages from 50 V: red LEDs**
- Polarity indication for DC voltage
- Suitable for indoor use only
- No battery required for operation

Scope of delivery: Screw-on contact sleeves for perfect contact in sockets, Operating instructions

Application Benefits at a Glance:

- Green and red LEDs show at a glance whether safe extra-low voltage or dangerous voltage is present.
- Screw-on contact sleeves reach recessed socket contacts without bending the thin test probes.
- The rubber-coated housing provides a secure grip and is suitable for everyday electrical installation work.

Technical Data	PAN Volttester 400
DC voltage DC (V =)	6 - 12 - 24 - 50 - 120 - 230 - 400 V
AC voltage AC (V ~)	6 - 12 - 24 - 50 - 120 - 230 - 400 V
Instrument dimensions	241 x 54 x 27 mm
Weight (gross / net)	232 / 121 g
Required battery(ies):	---
Measurement category (CAT)	CAT III 400 V
